Continental bed

ALOR

The ALOR headboard bed combines elements of the best Baroque tradition with modern colours and technology. The beautiful shape of the headrest and footrest (as an additional option) makes the ALOR bed a real ornament of each bedroom. The ALOR bed is made with the highest precision. All the tabs are hand made, and each button is quilted according to the traditional method.

The bed is offered in a classic version (FIXED) with a large chest (NORMAL) and in a version with an electric mechanism (MOTION). The possibility to control the bed with a wireless remote control makes the ALOR bed even more comfortable.

For couples with different requirements, there is an option to configure one part of the bed in classic form and the other with the MOTION electric system.
